

MATERIAL SPECIFICATION

Basis Gel - Aloë Vera - Basis Gel - Aloë Vera

Part Number: 20004A - GB48

Analysis Description	Minimum Value	Maximum Value	Description
Appearance			Viscous Gel, trapped air
Colour			Colourless
Odour			Fresh, clean, aloe
Specific Gravity at 20°C	0.980	1.100	
pH @ 20 Degrees C	5.5	7.0	
Viscosity RVT 20C Spindle6 10RPM	40000	70000	
Total Viable Count cfu/g		100	<100
Gram Negative Bacteria			Absent

Document Date: 29/06/19

Shelf Life: 36 Months

Revision: 2

Revision Date: 17/11/15

Shelf life of this product depends very much on storage conditions, particularly temperature and exposure to light and air. Shelf life must be considered as subjective; the shelf life given here is based on the best of our knowledge and experience of the material when stored under recommended conditions, see SDS, in original unopened containers. Due to the natural ingredients contained in many of our products, there may be a slight batch to batch variation in the colour, odour or consistency. However, we ensure that this does not affect the quality and efficacy of the products in any way.
